Chamber Chatter

By IRENE GROVE

"Do you think you can live your 'own life'? Do you think you create the circumstances under which you live and do business? Legislative-wise, whether it be city, state or national, someone who has been elected is guiding every action of our lives from the birth certificate to the death certificate; there are legislative controls governing us every moment of our lives; but how many of us know even a smattering of the facts of our government, legislation and politics?"

These were some of the thought provoking remarks made by Mr. H. J. Dollinger, representative of the Chamber of Commerce of the United States at your Chamber of Commerce luncheon Tuesday, July 21 before an enthusiastic group of Albany ousinessmen and women.

Your Albany Chamber of Commerce is going to help you become informed through the U. S. Chamber's "Action Course in Practical Politics." Plans are being made for this series of nnie workshops beginning about October 1. Each workshop will deal with one important aspect of practical politics. It was developed in response to requests by businessmen all over America who recognized the need for a course in practical politics. It is non-partisan and has received approval and help in designing of the political leaders of both parties. Watch for more details concerning this important event.

We have the opportunity to show the Albany Little Leaguers how proud we are of their wonderful organization under the leadership of Mr. Bob Litolff. The fourteen best players from the Major Leagues of Albany were chosen to represent the district. The All Star game is Thursday, July 23, out at the Concord Little League Park — game time, 5:00 p.m. The time to remember is 3:45 p.m. on the above date — place, University Village; be there to join the caravan, organized to go to the game to show "our kids" we are in back of them. Let's have the biggest crowd from Albany!

Whist players attention! Remember the place, date and time — Memorial Hall, Albany, Friday, July 31, 8 p.m. The party is sponsored by the Citizens Committe for the Promotion of New Public Buildings and they promise a full evening with valuable door prizes. Don't miss it!

Your Chamber of Commerce has some good news — the long delayed Directory of Albany Organizations is ready for distribution. Work is also progressing on the Business Directory.

Remember, your Albany Chamber of Commerce is always "at your service."

Pre-Crusade Group Plans Drive in Fall

The Advance Gifts division of Berkeley's 1959 United Crusade has organized its top echelon in preparation for its October 14 kickoff — about six weeks before the beginning of the main campaign, according to James Dobey, chairman of the division.

This division, when completed, will consist of about 48 volunteers who will call on approximately 250 previous donors of large amounts to the Crusade and the donations are expected to more or less set the pace for the regular campaign to follow.

"Donations taken in by our group are all credited to other divisions into which the donors would normally be classified," says Chairman Dobey, "so while our division always winds up the campaign with a score of zero, we don't mind — we don't care who gets the credit as long as the job is well done."

Senior Citizens Install Officers For Coming Year

The installation of officers for the coming year was held with proper ceremonies by the Senior Citizens of Albany at 850 Masonic Avenue on Tuesday evening, July 14, at 7 o'clock. Ceremonies were preceded by a dinner to which a large crowd of seniors did justice. The tables were arranged and decorated by the usual trio from the club, Kathryn and Julian Kay and Gertrude Garden. A special table was provided for incoming and outgoing officers. A tasty Almond Torte was presented to the officers' table. This was a gift from Margaret Kuhnel and came from her own oven.

After the tables were cleared the following officers were installed by Gertrude Garden: William Mulligan, president; Carolyn Matthew, vice-president; Emma Claymore second vice-president; Minnie Ingraham, secretary; Virginia Gill, treasurer; Nellie Breault, hostess; Ivy Sevcry, chairman of the Sunshine Committee; Julian Kay, purchasing agent. Each of the women officers were presented with a beautiful tuberous begonia corsage and the men received white carnation boutonnieres. A white carnation was also presented to Herman Kipp as the outstanding coffee maker of the past year and to John Gonzales for outstanding work on the kitchen detail as chief pearl diver. Due to the illness of her husband, Virginia Gill was unable to be present and was installed and received her awards in absentia.

A moment of silent prayer was observed to the memory of one of the members, Carl Scott, who died recently and also for the recovery of Raymond Gill, the oldest member and first president, who is quite ill at his home.

After the meeting was adjourned, cards were played.

40 New Bowling Lanes For El Portal Shopping Center in City of San Pablo

News was released today of the completion of plans for a new 40 lane bowling palace to be built as the first unit of the new El Portal shopping center located in San Pablo.

William B. Lacy and Frank B. Lacy, operators of the Albany Bowl, will be associated with Robert D. Fraser, Paul Hammarberg and Ralph Klewit Jr., the builders of the new shopping center in the construction and operation of the new establishment. Fraser and Hammarberg are the developers of the El Cerrito Plaza shopping center in El Cerrito. It is the intention of the developers to provide the people of the Richmond, El Sobrante and San Pablo area with the same complete shopping facilities which are now available in El Cerrito Plaza.

The building will be of the latest modern style, using forty thousand feet of floor space for the forty lanes, cocktail lounge, coffee shop, etc. A modern nursery will be included, along with an ultra modern sport shop, and league and banquet rooms. Equipment will be supplied by the Brunswick - Balke - Collender Company, with the newest model Brunswick pin spotting machines, Telescores, and other new innovations that are now under development.

When interviewed today concerning the new venture, both Lacy's were wearing broad grins. Frank, past president of the Bowling Proprietors Association of America, said, "This new bowl has been a dream of Bill's for several years. We assure the bowling fraternity that all the 'know how' that we have picked up in ten years of experience will go into this new establishment, and the bowlers of the Contra Costa County area are going to have the finest facilities for bowling, the greatest showing of national bowling stars as a steady diet, and as fine a promotion and reception facilities as money can buy or help can supply. They deserve it." Construction will start within six weeks and completion will be as soon as top notch construction will permit.

NEW SITE PROPOSED FOR SENIOR CITIZENS

A proposal by Councilman Lewis M. Howell at the regular weekly meeting of the Council Monday night may well lead to the solution of the much discussed need for a permanent home for Albany's Senior Citizen group.

In speaking before the Council Mr. Howell said that he had been studying the problem and had found a site which he believed would be a suitable one. He said he had visited the location with the city engineer, who approved, and that he also had consulted with some of the Senior Citizens who also thought it would meet their requirements.

"At the upper end of Garfield Avenue, where it crosses Masonic, there is a deadend area between Masonic and the Santa Fe Railroad. It measures approximately 60 feet north and south, and extends to the Santa Fe right-of-way about 40 feet to the east," said Mr. Howell. "This would provide an area of 2400 square feet for a building site. It would be nearer the center of the city than the Memorial Park location which was turned down because of opposition by residents of the area, and would be only about two and one-half blocks from the Recreation Center where the Senior Citizens are now meeting," he continued.

Mr. Howell proposed to the council that a meeting be arranged with leaders of the Senior Citizens Foundation to discuss the possibilities of the site and report back to the Council. He said the property was part of a city dedicated street, but was now grown up with weeds, and a collecting area for wind blown papers and rubbish. Originally it had been intended to cut Garfield through at this point eastward beyond the railroad tracks, but this would be impossible now because the property across the tracks had been built up with homes.

After some discussion Mayor Blank turned to Councilman Howell and asked if he wished to put his proposal in the form of a motion. This was done and the vote was unanimously in favor.

In other action Mayor Blank made a report on his investigations of the problem faced by the city in providing police, fire and other facilities for University Village. This, he said, amounted to close to $40,000 a year. The matter had been up before the legislature during the session just closed, but little had been accomplished. The Mayor proposed that a complete breakdown of these costs be drawn up, and the matter brought before the U. C. Regents. As it stands the 'Village,' being University property, pays no taxes. The City of Berkeley recently was able to secure some relief through an appeal to the State, but Albany, so far, is still "holding the sack."

The mayor stated that the University is now engaged in tearing down some 126 of the older units in the northwestern portion of the U.C. property, with 420 units still in use. The University, he said, is now planning construction of 108 new one bedroom units, and 192 two bedroom units, which will considerably increase the present population of the 'Village'.

Complaint of the property owner adjoining the city's Recreation Center at 850 Masonic Avenue that his driveway had been seriously damaged by city trucks delivering material to the Center, was again brought up. It was agreed that the city was responsible for the damage, and the work was ordered done at an estimated cost of $155. A further motion by Mrs. Zahn that city trucks be ordered to refrain from using this driveway, seconded by Councilman Donahue, was approved, both motions carrying unanimously.

Recommendation of Chief of Police Jensen that Vernon H. Freeman, who has completed his six months probationary period as an Inspector, be appointed a regular Inspector, effective as of July 16, was approved, 4 to 1. Mrs. Zahn voted "No" on the

NO — NOT ABSOLUTELY. You can keep your money in a sock or in the ground — you can pay cash and try to keep all the receipts — maybe you can make a loan from your mother-in-law. Oh, there are a lot of things you can do without a bank account. But if you are ever "exposed" to Mechanics service, you'll see the folly of it all. Banking is easy and so pleasant there. Church Women Stage 'Panel Quiz'

Members of the Women's League of Grace Lutheran Church, El Cerrito, were treated to a "live" showing of the panel quiz, "What's My Name" at their July meeting. However, the guests were out of the past and the panel was made up of local members of the League. Such biblical characters as Deborah, Methuselah, Rebecca, Miriam and Priscilla appeared to be identified by the panel, which consisted of the Mesdames S. Chebul, D. Christiansen, J. Lusk, and S. Stevens. Rev. O. R. Janke acted as moderator for the quiz and those representing the "guests" were Mesdames E. Kennedy, E. Eickmann, R. Kratzke, O. Janke and L. Vigus.

Mrs. Helen Gordon, chairman of the Devotional Guild of the Women's League, acted as announcer and director of the production.

Letter to Editor

Editor, The Albany Times:

A good old-fashioned town meeting was held in the Council chamber Monday, July 6. Folks present expressed their views. It was, "Democracy in action." The American way of solving a problem which I believe must be of interest to every member of this community. A good wholesome spirit was evident when the meeting ended, although the question, "Should the City allocate a piece of City property to the Senior Citizens Center Foundation on which to erect a Center for all present and future Senior Citizens of Albany," was answered in the negative.

When folks grow old and the dear friends of their younger years, their husbands, or wives have passed on and they are left alone, cut off from human companionship, it becomes increasingly difficult as the years go by, to find new friends, new interests, new horizons, what could be better than to have a Center where the lonely old folks could meet others of their age?

I envision such a Center built by all the people of Albany, to which they could point with pride and say, "There is how we take care of our old folks, the spirit of 'Honor thy Father, and thy Mother' prevails here."

The ranks of Senior Citizens grow daily. Father Time plays no favorites; we must all bow to him, and all too soon you younger folks will learn to your amazement that you have become Senior Citizens.

It is with these thoughts in mind that I propose that every civic, fraternal, religious, educational, veteran, and other groups join forces to raise a fund to augment the existing fund of nearly ten-thousand dollars which acording to the articles of incorporation under the laws of the State of California can be used for this one purpose only, and no other.

The good people of Albany have it within their power to do a glorious thing, help make this dream become a reality; we can do it if only we will set our minds to it.

I will appreciate hearing from readers expressing their sentiments, a card, or letter will place them under no obligation.

Respectfully,
W. A. MULLIGAN

Albany 6, Calif.

HELP STRENGTHEN AMERICA'S PEACE POWER

When you're four, protection is as simple as holding Father's hand. But parents know it involves a lot more than that—like keeping the world a peaceful place.

But peace isn't kept by just wanting it. Peace costs money. Money for strength to keep the peace. Money for science and education to help make peace lasting. And money saved by individuals to keep our economy strong.

U. S. Savings Bonds help provide this money. So every Bond you buy helps strengthen America's Peace Power.

The chart below shows how your Bonds earn money for you. But the most important thing they earn is *peace*. Are you buying as many as you might?

Tryouts for "The Sleeping Prince," Terrence Rattigan's gay and popular comedy, will be held in September, and announcement will be made of the exact date in local newspapers when the place of production has been decided.

Any adult, male or female, who is interested in Scottish music and dancing can have free instructions with the new Cameron Highlanders of San Francisco. They need pipers, drummers and dancers. No experience is required and Scottish descent is not required. The instructor is Capt. Bob Cowan, formerly of the Queen's Own Cameron Highlanders. Eventually, the group will enter competition. Call John Pierce, Olympic 4-8979, in the East Bay, or George Brooke Greystone 4-7660, in San Francisco. The pipes are calling!

SAFE WALKING TIPS

NON-DRIVERS NEED EDUCATION

Nine out of ten pedestrians killed in traffic accidents never had been licensed to drive a car. Because they were non-drivers, most of these victims were unfamiliar with the limitations of cars and the people who operate them. This more than anything else, says the American Automobile Association, probably contributed to their death.

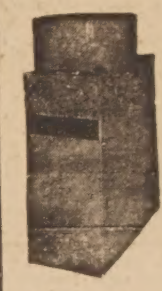

Non-drivers seldom are aware of the distance needed to stop an automobile at various speeds and therefore often fail to judge correctly when crossing the street. The non-driver also is generally unaware of the fact that pedestrians, particularly those in dark clothing, are not easy to see from behind the wheel of a car at night.

Pedestrian studies in five states and the District of Columbia have emphasized the close relationship between pedestrian deaths and lack of familiarity with motor vehicle operation. A Connecticut study, for example, showed that 95 per cent of 1,031 pedestrian fatality victims over 15 years of age had never been licensed to drive.

If you are a non-driver, the AAA urges you to learn the basic facts of motor vehicle operation, especially stopping distances, whether you intend to drive a car or not. It may mean the difference between life and death.
